# Ultra Stop Natural Rug Pad

SKU: SC020 / 101

Carpet Hardwood Stone/tile

Why This Product Stands Out

Cushioned comfort | Eco-friendly | Low profile | US Made in USA

Easy to trim | Easy to clean | Low profile | Safe for home

- Basic utility natural rubber rug pad to help keep area rugs in place on hard-surface floors.
- Perfect for applications that do not require extra cushion.
- Broad open-weave construction allows air flow and makes vacuuming easier.
- Made from woven polyester scrim coated with high-grade natural rubber compound.
- To clean: wipe with a water damp sponge and air dry.

## Product Description

ULTRA STOP NATURAL is a high-quality low-profile non-slip rug pad to help keep area rugs from shifting, bunching, and sliding on hard-surface floors. Perfect for area rugs that do not require extra cushion. Made with 100% natural rubber from real rubber trees, natural rubber's highly effective non-slip properties are a renewable resource and contain no plasticizers or adhesives. Ideal for use on polyurethane finished hardwood or tile floors. Ultra Stop Natural's broad open-weave design provides great surface area contact while maintaining air flow to make vacuuming easier.

### Care Instructions

Apply to a clean, dry, and fully cured indoor flooring surface. Guaranteed to maintain non-slip properties for 10 years with proper use and cleaning maintenance. Spot clean with a water damp sponge and air dry.

### Origin

Made in the USA.

# Solid-Plus Rug Pad

**SKU: SC018 / 176**

Carpet Hardwood Vinyl

Why This Product Stands Out

Cushioned comfort | Extends rug life | US Made in USA | Non-slip backing

Easy to trim | Easy to clean | Cushioned pad | Safe for home

- Premium cushioned non-slip area rug pad to help keep area rugs in place on hard-surface floors.
- Solid construction for maximum surface coverage to help protect floors.
- Extra cushion for added padding and comfort.
- Woven polyester scrim coated with high-grade vinyl compound.
- Washable: hand wash in a mild detergent, rinse, and air dry.

## Product Description

SOLID-PLUS extra cushioned non-slip area rug pad provides excellent solid surface area coverage and is a superior solution to help prevent area rugs from shifting, bunching, and sliding on hard surface flooring. Area rugs that shift and slide require constant repositioning, can lead to potentially dangerous slips and falls, and repetitive abrasion can cause damage to a floor surface. Solid-Plus's densely cushioned solid design helps lock an area rug in place, provides maximum cushion and insulation under foot, and protects the floor surface from dirt/debris migrating down through the area rug. Solid-Plus is ready to use out of the package or easily trimmed to fit unique sizes and shapes with household scissors. When choosing any type of rug pad, please always follow the flooring manufacturer's recommendation.

### Care Instructions

Solid-Plus is guaranteed to hold non-slip properties for 10 years with proper use and cleaning maintenance. Hand washable in a mild detergent, rinse, and air dry. Apply to a clean, dry, and fully cured flooring surface.

### Origin

Made in the USA.

# Double Grip Rug Pad

**SKU: SC003 / 989**

Carpet Hardwood Stone/tile Vinyl

Why This Product Stands Out

Cushioned comfort | Eco-friendly | Extends rug life | Low profile

Easy to trim | Easy to clean | Low profile | Made in USA

- Premium high perfonnance - low profile dual purpose non-slip rug pad
- Perfect for applications that do not require extra cushion
- Dual purpose for use on hard-surface or carpeted floors
- Solid construction for maximum surface area coverage to help protect floors
- Grip fiber backed with natural/synthetic rubber blend design
- Rubber side down on hard-surface floors; fiber side down on carpeted floors
- To clean: spot clean with a water damp sponge and air dry
- Rated for use on radiant heated floors within the recommended temperature profiles of the flooring manufacturer

## Product Description

The Double Grip is a premium low-profile non-slip rug pad that helps keep area rugs in place over hard-surface or wall-to-wall carpeted floors. Perfect for area rugs that do not require extra cushion or where door thresholds are an issue. Double Grip not only helps protect your home from slips and falls caused by shifting area rugs, it's solid surface area coverage also helps protect the floor surface from dirt and dust migrating down through the area rug resulting in scratches or abrasion damage on a floor surface. Double Grip does not contain plasticizer oils or adhesives and is an excellent alternative to conventional vinyl rug pads. Double Grip can be an ideal choice for use over polyurethane hardwood finishes and tile flooring.

### Care Instructions

Apply to clean, dry, and fully cured flooring surface. Guaranteed to maintain non-slip properties for 10 years with proper use and cleaning maintenance. Spot clean with a water damp sponge and air dry.

### Origin

Proudly made in the USA, Double Grip is a textured felt rug pad with a specially designed natural/synthetic rubber blend backing for maximum gripping power.

# Magic Stop Rug Pad

SKU: SC015 / 901

Carpet

Why This Product Stands Out

- Cushioned comfort
- Extends rug life
- Low profile
- US Made in USA

Easy to trim | Easy to clean | Low profile | Safe for home

- Solid non-slip rug pad to help keep area rugs in place over carpet.
- Designed to help combat carpet shift and secure the area rug in place.
- Non-woven polyester textile coated with a non-transferable, pressure sensitive, dry adhesive.
- Remove protective film to expose two-sided adhesive coated textile.
- Can be easily trimmed to fit any rug size.

## Product Description

MAGIC STOP® is a low-profile non-slip rug pad for area rugs that do not need extra cushion over wall-to-wall carpeted floors. Area rugs over a carpeted surface can be quite a challenge to keep the area rug in place because carpet is not a solid surface foundation and tends to shift. Magic Stop® is a great solution to help prevent area rugs from shifting, bunching, and sliding on carpeted floors. Magic Stop® is a specially designed non-woven polyester fiber textile coated on both sides with a water based, non-transferable, pressure sensitive, dry acrylic adhesive that provides a full layer of solid surface area contact across the area rug backing and the carpeted surface to help keep the area rug in place. Magic Stop® is ready to use out of the package or can be easily trimmed to fit unique sizes and shapes with household scissors.

### Care Instructions

Apply to a clean, dry carpeted floor. Guaranteed to maintain non-slip properties for 10 years with proper use and cleaning maintenance. Spot clean with a water damp sponge and air dry.

### Origin

Made in the USA.
